

The background of the image is a photograph of a modern building with a grid-like facade of windows and balconies. Overlaid on this is a white, rounded rectangular form containing login and registration fields. To the right of the form, there are four labels with lines pointing to specific elements: 'Username field', 'Password field', 'Login Button', and 'Registration Link'.

The landing has two Features, the Sidebar and the Post Gallery.

The sidebar houses the Upload Module, Searchbar and the Edit Profile Link.

The sidebar displays basic account information such as a Profile Picture, Username, First Name, and Last Name

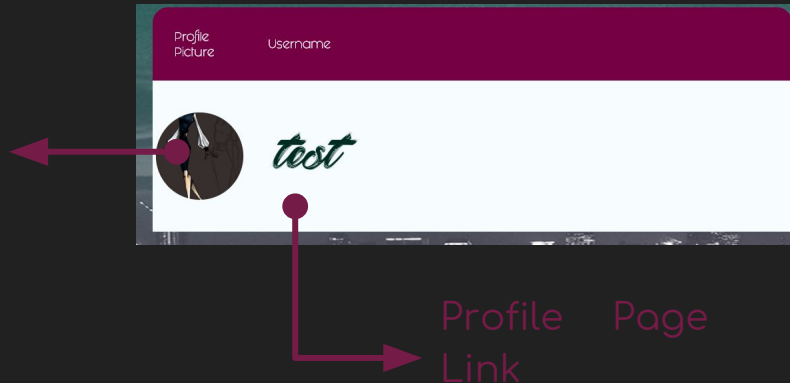

The Search Module allows the user to search for usernames within the database. However this will only display Public Accounts.

***By default all user's privacy settings are set to private.

The Upload module allows you to post things to the Post Gallery. It allows for only a limited sized image as well as a 500 character Caption.

The user can edit his Account details by using the  found in the sidenav.

Simply input data to be overwritten and provide the current password in the validation field below to update the database.

The image shows a mobile application interface for editing a user profile. It features a white card with rounded corners on a dark background. The card has a title bar at the top with a back arrow and the text 'Edit Profile'. Below the title bar, there are two input fields. The first field is labeled 'Name' and contains the text 'John Doe'. The second field is labeled 'Email' and contains the text 'john.doe@example.com'. Below these fields, there is a large 'Edit' button. At the bottom right of the card, there is a 'Back' button.

 Edit Profile

John Doe

john.doe@example.com

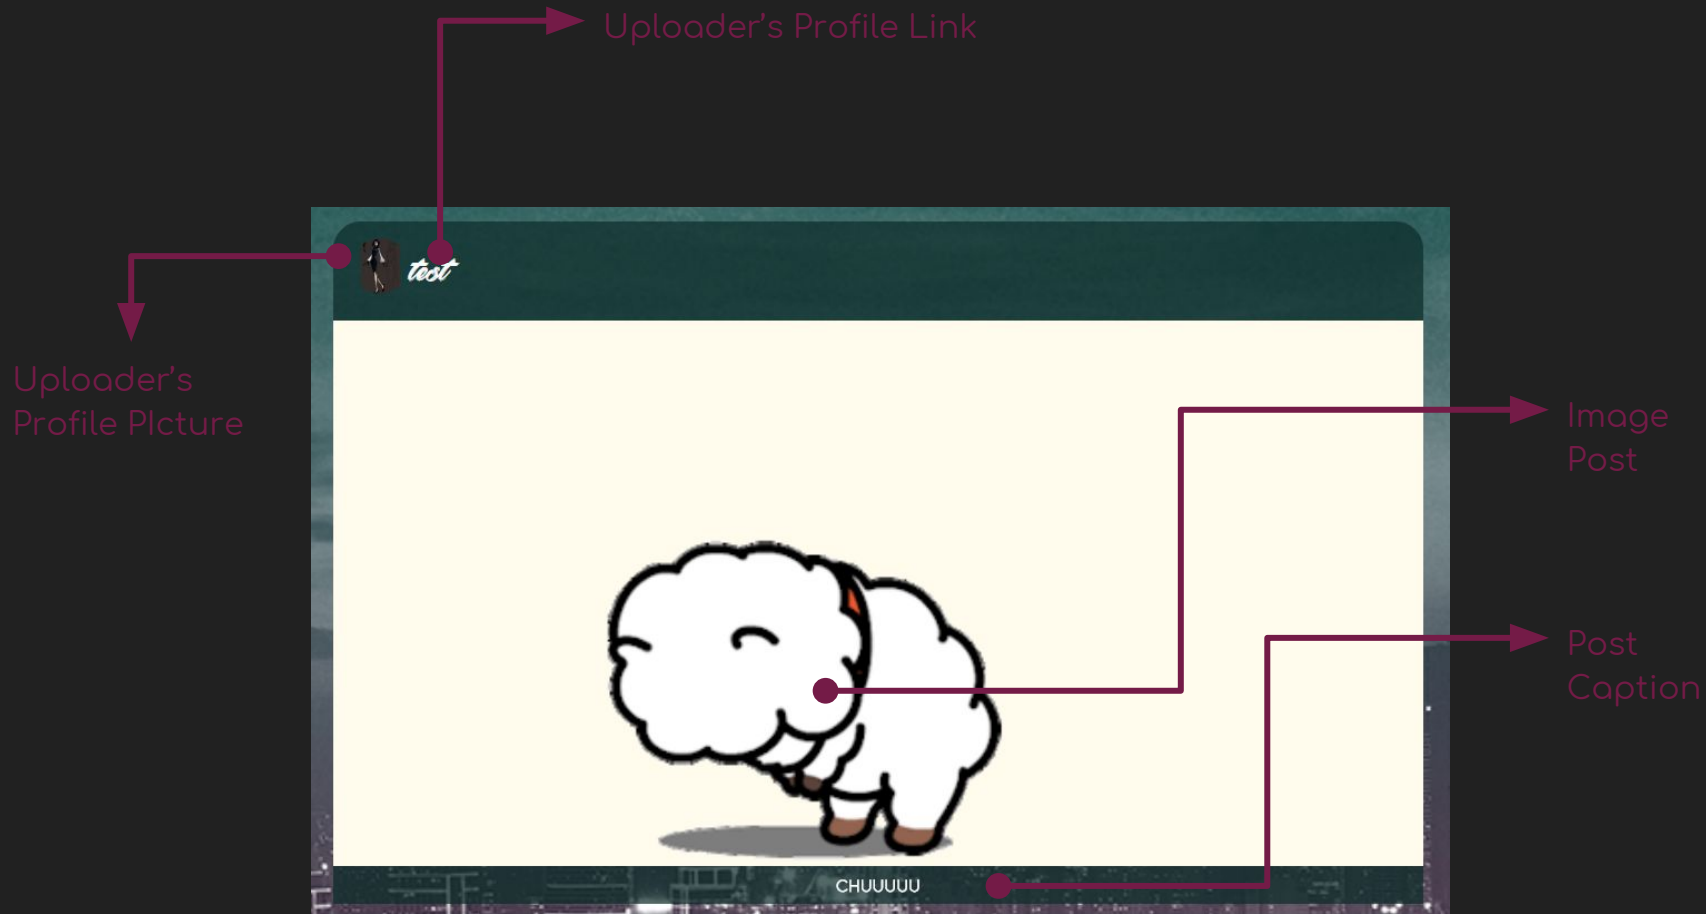

The Edit profile can also change the profile picture an account is wearing. However this does not need password validation and must be uploaded separately from the other fields.
